

The Paragon

Showcasing the level of craftsmanship synonymous with Atrium Homes, this new narrow lot design is suitable for blocks with a 9m wide frontage. Cleverly designed to maximise space, the home features five bedrooms – or four plus a study – and three bathrooms.

Overlooking the streetfront from upstairs, the master bedroom has a large walk-in robe and a luxurious double vanity ensuite with a bath and big open shower.

Separated from the master bedroom by a spacious private retreat are the three children's bedrooms – all with built-in robes – and the family bathroom.

Downstairs, the fifth bedroom has a dual-access ensuite, making it an ideal guest suite. A home theatre at the front of the home offers a separate living area away from the large open-plan family/living/dining area, which flows seamlessly to an alfresco area for easy outdoor entertaining. Home chefs will love the ultra-modern kitchen with its long island benchtop/breakfast bar and separate scullery and pantry.

This is a well-designed home offering style, luxury, convenience and flexibility for any size family.

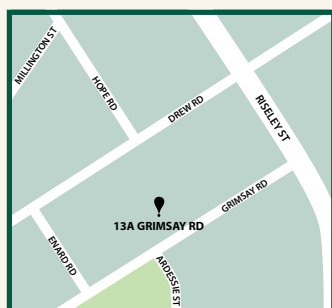

To fully appreciate this cleverly designed home, contact Atrium Homes to book a private appointment.
